

Rahmat Bin Ibrahim, BBBA (RMIT, Aust) CPP

Phone: +60194488786 (mobile) • Email: Rahumat.Ibrahim@gmail.com

Rahmat Ibrahim commenced his career as a police officer with the Singapore Police Force. After spending more than 10 years with the police force as an investigator and training officer, he moved to the private sector, initially as a security officer with a US Multinational electronics company in Malaysia. Since then, Rahmat has worked as a manager in security and loss prevention in various multinational companies Malaysia and Singapore. Some of the major US multinational companies served by Rahmat are namely National Semiconductor, Hewlett Packard, Quantum Asia Pacific (Singapore), ST Microelectronics and Motorola and Flextronics, First Solar and AMD, during his 40 year career as a security practitioner.

In 2002 at the age of 50 years, Rahmat went back to school and acquired a degree in Management from the RMIT University in Australia. He further went on to specialize and acquired the coveted professional certification, in 2006 from American Society for Industrial Security (ASIS) known as 'Certified Protection Professional' which carries the title CPP.

Rahmat Ibrahim has acquired vast experience in risk management, security and loss prevention management, fraud investigations and audits. He is currently working with a multinational company in Malaysia and also carries out work as a trainer and loss prevention consultant.

In his private life he has been an active Rotarian in Muar Johor and has been a committee member of an 80 year Indian Muslim association in Penang in 2006 to 2009. Currently Rahmat is serving as the treasurer with the Malaysia Crime Prevention Foundation, Penang since 2010.

In the security industry, he is our walking dictionary.....comment by Ramli Bahari
